

PROGRAMMES:

17 Fields of Science

Technological Sciences

- Electrical and Electronic Engineering (double degree programme with Miguel Hernandez University of Elche, Spain)
- Civil Engineering
- Environmental Engineering (double degree programme with University of Bologna, Italy)
- Chemical Engineering
- Energetics and Power Engineering
- Informatics Engineering
- Materials Engineering (double degree programme with partners of Physics and Chemistry of Advanced Materials Network)
- Mechanical Engineering
- Measurement Engineering

Physical Sciences

- Chemistry (double degree programme with Institut National Polytechnique of Toulouse, France)
- Informatics

Social Sciences

- Political Sciences
- Management
- Economics
- Sociology
- Education

Humanities

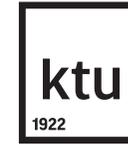

- History and Theory of Arts

Each PhD programme offers intensive (short-term) study modules lasting for about 5 working days.

P H D
studies

2015—2016

phd at ktu this is not science fiction

DURATION

of PHD studies and research:

4 years

STUDIES

consist of

30

ECTS credits

comprising

4-5

study modules, and at least one of them must be taken abroad

RESEARCH

is carried out:

- with world-class researchers from Lithuania and all over the world;
- using modern research infrastructure in KTU;
- employing the University's extensive links with business and industry.

A part of research and studies may be carried out in foreign high-level research centres

SCHOLARSHIPS & OTHER FUNDS FOR STUDIES

Monthly scholarships that cover living expenses.

Additional scholarships from Research Council of Lithuania and KTU funds for good results in studies and research.

KTU Doctoral Fund – funding for study, research and experimental (social, cultural) development as well as for editing of articles and dissertations.

KTU Fund for International Events – funding for participating in international conferences and other events related to doctoral studies and research.

ENVIRONMENT FOR DEVELOPMENT

– 40 conferences hosted every year – a remarkable platform for students to engage with the newest topics, trends, and achievements, and make their own contribution in essential research.

– Support for student participation in various academic and professional courses and seminars.

– Opportunities for employment in national and international research projects and to develop strong general competencies and skills – from writing scientific publications to research communication.

– Active PhD Student Society, inspiring creative communication between students of different research fields.

APPLICATION

Who can apply for PHD studies?

Individuals with Master's qualification degree or having graduated from one-level higher education system.

APPLICATION PROCEDURE

2

Fill in the Application form see ktu.edu/phd (Admission)

Attach required documents

- Copy of ID card or passport.
- Curriculum Vitae.
- Copy of enrolment fee payment (fee of € 100).
- Master's diploma or a higher education degree equivalent to it and diploma supplement.
- References by two academic referees or researchers in the field.
- List of research works (publications) and their copies or a research project on the selected topic.
- Certificate of English proficiency: IELTS ≥6.5, TOEFL ≥90, ECFR ≥C1, or equivalent.
- Other relevant documents (e.g. certification about passed examinations of doctoral studies' level, certifications concerning various courses, achievements etc.).

1

Participate in motivational interviews online or in-place
